## About This Game

The first game I made back in 2015. If you want a short jumpscare filled experience then give this free game a try.

### Story

You play as Norman Chambers, a man who has lost his mind due to the death of his one true love. You wake up alone in an old dark hotel room. You must explore the long creepy corridors in search for answers to why you are there and how you can get out. But unfortunately completing this task becomes more difficult as expected, as you face the many horrors in which this hotel holds.

### Features

- Explore the quiet long corridors of a Hotel.
- Find journal entries revealing answers to your questions.
- Encounter deadly paranormal events.
- Avoid death through quick reactions.

#### Mummy's Crypt Template

Mummies, from loyal guardians entombed with their masters to power hungry priest kings vying for the return of their earthly powers, strike fear into their enemies' hearts. Many ancient societies enter their dead in this respectful way in the hope that someday they'll rise again.

**The Approaches**

Outside the crypt ... The crushed exoskeletons of thousands of beetles lie underfoot.

**What's Going on?**

The Mummy ... Sits motionless cradling several animal headed urns to its chest.

**Notable Features**

Notable Feature: Shelves stacked with jars of herbs and spices have collapsed to the floor, their fittings decayed from age.

**Minor Features**

Minor Feature: A piece of filthy bandage is snagged on a sharp rock; it stinks of pungent spices and decay.

**Mummy's appearance**

The Mummy ... Wears the skin of a huge lion across its shoulders.

**Treasures**

Treasure: A solid gold war-horn lies crumpled on the floor. While no longer functional is worth a small fortune to the right person.

**Trinkets**

Trinkets: Razor sharp gutting knives lie blunt and useless on the floor.
